How Appointments are Scheduled

Our office attempts to schedule appointments at your convenience and when time is available. Missing school can be kept to a minimum when regular dental care is continued.

Since appointed times are reserved exclusively for each patient we ask that you please notify the office 24 hours in advance of your scheduled appointment time if you are unable to keep your appointment. Another patient who needs our care could be scheduled if we have sufficient time to notify them. We realize that unexpected things can happen, but we ask for your assistance in this regard. If two broken/missed appointments occur or two cancellations without 24-hour notice, our office reserves the right to NOT schedule any subsequent appointments. Also, if you arrive 15 minutes late for your appointment, you may be asked to reschedule for the next available appointment time.

Do I Stay with My Child During the Visit?

We invite you to stay with your child during their first examination. During future appointments we ask that you allow your child to accompany our staff through the dental experience. We are all highly experienced in helping children overcome anxiety. Separation anxiety is not uncommon in children, so please try not to be concerned if your child exhibits some negative behavior. This is normal and will soon diminish. Studies and experience have shown that most children over the age of 3 react more positively when permitted to experience the dental visit on their own and in an environment designed for children.

Minor Patients

The parent or guardian accompanying the minor is responsible for full payment. In the case of divorces or separated parents, the parent accompanying the child is responsible for payment at that visit.

Finances

Payment for professional services is due at the time dental treatment is provided. Every effort will be made to provide a treatment plan which fits your timetable and budget, and gives your child the best possible care. We accept cash, personal checks, and VISA and MASTERCARD. **There will be a \$35.00 fine for insufficient funds.**

Our Office Policy Regarding Dental Insurance

If we have received all of your insurance information on the day of the appointment, we will be happy to file your claim for you. You must be familiar with your insurance benefits, as we will collect from you the estimated amount insurance is not expected to pay. By law your insurance company is required to pay each claim within 30 days of receipt. We file all insurance electronically so your insurance company will receive each claim within days of the treatment. You are responsible for any balance on your account after 30 days, whether insurance has paid or not. If you have not paid your balance within 60 days a re-billing fee of 1.5% will be added to your account each month until paid. We will be glad to send a refund to you if your insurance pays us.

PLEASE UNDERSTAND that we file dental insurance as a courtesy to our patients. We do not have a contract with your insurance company, only you do. We are not responsible for how your insurance company handles its claims or for what benefits they pay on a claim. We can only assist you in estimating your portion of the cost of treatment, we at no time guarantee what your insurance will or will not do with each claim. We also can not be responsible for any errors in filing your insurance, once again we file claims as a courtesy to you.

FACT 1 – NO INSURANCE PAY 100% OF ALL PROCEDURES

Dental insurance is meant to be an aid in receiving dental care. Many patients think that their insurance pays 90%- 100% of all dental fees. This is not true! Most plans only pay between 50% 80% of the average total fee. Some pay more, some pay less. The percentage paid is usually determined by how much you or your employer has paid for coverage or the type of contract your employer has set up with the insurance company.

FACT 2 – BENEFITS ARE NOT DETERMINED BY OUR OFFICE

You may have noticed that sometimes your dental insurer reimburses you or the dentist at a lower rate than the dentist's actual fee. Frequently, insurance companies state that the reimbursement was reduced because your dentist's fee has exceeded the usual, customary, or reasonable fee ("UCR") used by the company.

A statement such as this gives the impression that any fee greater than the amount paid by the insurance company is unreasonable or well above what most dentists in the area charge for a certain service. This can be very misleading and simply is not accurate.

Insurance companies set their own schedules and each company uses a different set of fees they consider allowable. These allowable fees may vary widely because each company collects fee information from claims it processes. The insurance company then takes this data and arbitrarily chooses a level they call the “allowable” UCR Fee. Frequently this data can be three to five years old and these “allowable” fees are set by the insurance company so they can make a net 20%-30% profit.

Unfortunately, insurance companies imply that your dentist is “overcharging” rather than say that they are “underpaying” or that their benefits are low. In general, the less expensive insurance policy will use a lower usual, customary, or reasonable (UCR) figure.

Fact 3 – DEDUCTIBLES & CO-PAYMENTS MUST BE CONSIDERED

When estimating dental benefits, deductibles and percentages must be considered. To illustrate, assume the fee for service is \$150.00. Assuming that the insurance company allows \$150.00, as its usual and customary (UCR) fee, we can figure out what benefits will be paid. First a deductible (paid by you), on average \$50.00, is subtracted, leaving \$100.00. The plan then pays 80% for this particular procedure. The insurance company will then pay 80% of \$100.00, or \$80.00. Out of a \$150.00 fee they will pay an estimated \$80.00 leaving a remaining portion of \$70.00 (to be paid by the patient). Of course, if the UCR is less than \$150.00 or your plan pays only at 50% then the insurance benefits will also be significantly less.

MOST IMPORTANTLY, please keep us informed of any insurance changes such as policy name, insurance company address, or a change of employment.
